Yes No

Rating · 4.8 (11 Reviews)

Manda Gerard-Zappia recommends Yorkville Auto Body.
February 9, 2017 · They are great people at Yorkville Auto Body! They were so helpful in the repair of the back window of my SUV. They even picked up my car and brought it back to me! Great service! Would definitely use again.

September 26, 2022 · I've had several Mustangs worked on at Yorkville Auto. I have always been 100% satisfied with the work. Everything that was promised was delivered on both cars. I have been impressed with the shop and the office support staff.

Google asks me if I've used this business. I have not, but if I was to need body work for my car this would be my first place!! I've only been there for advice and wow super friendly. Got great advice and I'm sure you would be more than happy 😊

I have went here for various odds and end body work such as painting of small parts and repairing aftermarket fiberglass hoods. Everytime i pick up my repaired and painted parts I know I got a great product at a great price. The business is small and the staff is polite and courteous. I could talk with them for hours about cars.

One time I needed to go through my insurance for a claim and the staff took care of everything. Time-frame and turnaround was quick. They do have loaner vehicles if you need.

The business is involved in the local community so if you decide to go with yorkville body shop you know that the money you spend will go back into the community.

I will continue to have my body and paint work done at Yorkville Body Shop for years to come.

Did a beautiful job on my deeply scratched bumper. The woman in the office was polite and helpful. Had a loaner car for me to use, and my car was ready exactly when they said it would be done.

Stephanie was great. She price checked and gave me options. The work was done in a timely manner. Communication was great! I would highly recommend.
